

Pablo Arias Sarah

Born on the 28th of April 1990 (34 years old)
 In Bogota, Colombia
 Nationality : French, Colombian

1 Carreer

Since Oct 2022	Postdoctoral Marie Curie Fellow at the University of Glasgow, School of Neuroscience and Psychology, in collaboration with Lund University (Lund, Sweden). Resp. : Prof. Philippe Schyns & Prof. Rachael Jack (University of Glasgow).
2019–2022 3 years, incl. 10 month sabbatical break	Postdoctoral Researcher at Lund University Cognitive Science, Choice Blindness Lab, Department of Philosophy (Lund, Sweden), in collaboration with IRCAM (Paris, France). Resp. : Dr. Petter Johansson (Lund University ; Swedish Collegium for Advanced Study).
2019 7 months	Postdoctoral Researcher at Sciences and technologies for music and sound (STMS UMR9912), IRCAM/CNRS/Sorbonne Université (Paris, France). Resp. : Dr. Jean-Julien Aucouturier (STMS).
2015–2018 3 years	Assistant Researcher at the Sciences and technologies for music and sound laboratory (STMS UMR9912), IRCAM/CNRS/SU (Paris, France). Resp. : Dr. Jean-Julien Aucouturier (CNRS).
2015 6 months	Research Engineer at the Perception and Sound Design team (IRCAM/CNRS/Sorbonne Université), Paris, France. Resp. : Jean-Julien Aucouturier (CNRS).
2014 6 months	Research Internship at IRCAM/CNRS/Sorbonne Université (Paris, France). Resp. : Frédéric Bevilacqua (IRCAM), Norbert Schnell (IRCAM), Jules Françoise (IRCAM).
2013 6 months	Computer Science Engineer at Flux : Sound and picture and Development (Orléans, France). Resp. : Gael Martinet (Flux).
Before 2013 :	Research project at Polytech Nantes (music neuroscience, Nantes, France) ; Research Internship at BK Birla Institute Of Engineering and Technology (embedded hardware development, Pilani, India) ; Internship at Eowave (analog instrument development, Paris, France) ; Research Project at Polytech Nantes (Midi controler development) ; Research Project with G.E. Healthcare (signal processing).

2 Education

2015–2018 :	PhD in Cognitive Science , from Sorbonne Universités (Paris, France). Title : <i>“The cognition of auditory smiles : a computational approach”</i> . Dir. : Jean-Julien Aucouturier (IRCAM/CNRS/SU), Pascal Belin (CNRS/Aix Marseille Univ.), Patrick Susini (IRCAM/CNRS/UPMC). Jury : Rachael Jack (Univ. Glasgow), Tecumseh Fitch (Uiv. Vienna), Julie Grèzes (ENS), Catherine Pelachaud (ISIR), Martine Gavaret (Univ. Paris Descartes). Doctoral school : Cerveau, Cognition, Comportement (ED3C).
-------------	---

- 2013–2014 : **Master of Science**, Acoustics, signal processing and computer science applied to music. Sorbonne Universités (Paris, France).
- 2010–2013 : **Master of Engineering**, Engineer in Electronics and digital technologies specialized in multimedia. Polytech' Nantes (Nantes, France).
- 2008–2010 : **Two year Preparatory University Degree**, Mathematics & computer science. Institute of sciences and techniques. Nantes University (Nantes, France).
- 1994–2008 : **Elementary & Secondary School**, Scientific Baccalauréat specialized in mathematics with awards (French national diploma). ICFES (Colombian national diploma). Lycée Français Louis Pasteur (Bogota, Colombia).

Online courses and certifications

- 2015–2016 : **Principles of fMRI 1 and 2**, Coursera course organised by Johns Hopkins University. (online course)
- 2014–2015 : **Neuroanatomy certification**, obtained from Neurocourses, King's College University of London (Londres, UK).

3 Publications

In prep

1. Arias Sarah, P., Bedoya, D., Daube, C., Aucouturier, J-J., Hall, L. & Johansson, P. *Aligning the smiles of dating dyads increases liking..* (in review)
2. Arias Sarah, P., Denis G., Aucouturier J-J., Hall L., Schyns P., Jack, R., & Johansson P. *DuckSoup : An open-source experimental platform to manipulate facial and vocal signals during social interactions.* (in prep)

Peer-reviewed

My complete list of publications can be found online here.

4 Grants

2024	The unconscious effect of physical beauty in human social interactions. UKRI Engineering and Physical Sciences Research Council (EPSRC). Co-awarded to Alessandro Vinciarelli and Mathieu Chollet (University of Glasgow); 100k£
2022	DuckSoup : An open-source experimental platform to manipulate participants' facial and vocal attributes during social interactions. Swedish Research Council. Co-awarded to Lars Hall & Petter Johansson (Lund University Cognitive Science, Lund, Sweden); 450k€
2022	Sound Environment Infrastructure Grant. Co-awarded to Petter Johansson (Lund University Cognitive Science, Lund, Sweden); 5k€
2022	Marie Skłodowska-Curie postdoctoral Fellowship. SINA (Studying Social Interactions with Audiovisual Transformations). w/ Philippe Schyns & Rachael E. Jack (University of Glasgow) and Petter Johansson; 190k£
2021	Sorbonne Université Emergence. Revolt (Revealing Human Bias with Real Time Vocal Deep Fakes). Co-awarded to Nicolas Obin. 60k€
2019	Postdoctoral position received in an open international competition by Lund University; The Crafoord Foundation

6 Teaching and management

Guest lectures

- 2021 : Centrale Supélec (Rennes, France). Master Course, "Voice and face processing technology for the study of unconscious human behavior", total : 1h.
- 2019 : New York University (NYU). Master Course, "Essential Aspects of Voice Perception", total : 3h.
- 2018–2019 : Ircam Composition Cursus. Master Course. "Essential Aspects of Voice Perception", 2 x 2 hours, total : 4h.

PhD external examining

Andrey Anikin, *Human non-verbal vocalizations*. Cognitive Science, Lund University (2020).

Workshops

1. Arias, P., Trois outils de traitement de la voix émotionnelle et leurs effets physiologiques. École nationale d'ingénieurs de Tunis (ENIT), Journée d'études : TICs, Musique et émotion. Tunisie, Tunis, Janvier 2018.
2. Arias, P., Liuni M., Transformations émotionnelles de la voix parlée —conséquences comportementales et physiologiques. Journée voix - Studio 5 en direct, IRCAM, Paris, October 2017.

Management and supervision

Rudradeep Guha (PhD Student, 2023), Clement Lemoine (Post-doc, 2023), Guillaume Denis (software engineer, 2020-2023), Sarah Vlasitz (Master Student, 2022, in collaboration with Tecumseh Fitch and Friederike Range, University of Vienna, Austria), Daniel Bedoya (Research Assistant, 2019), Lou Seropian (Research Assistant, 2018), Louise Vasa (Research Assistant, 2017), Mael Garnotel (Research Assistant, 2016).

7 Scientific Contributions

Conference Organisation

2024 Intelligent Virtual Agents (IVA), Demo co-chair, 2024
 2022 Smila workshop, “Smiling and Laughter across contexts and the life-span“, Program Committee, 2022
 2022 “Affective Computing and Intelligent Interaction 2022” (ACII), Workshop Chair, Nara, Japan, 18-21 October, 2022 ;
 2016 “Journées Jeunes Chercheurs en Audition, Acoustique Musicale et Signal audio (JJCAAS)”, Paris, 23, 24, 25 November 2016 ;

Reviewer

Language & cognition (2024), IScience (2023), Emotion (2023), Psychological Science (2023, 2024), IEEE International Joint Conference on Biometrics (2023), Cognitive Computational Neuroscience Conference (2023), ACM Transactions on Interactive Intelligent Systems (2022), Nature Scientific Reports (2021), Royal Society Open Science (2021), Emotion (2021), Journal of Nonverbal Behavior (2021) ; Psychonomic Bulletin & Review (2021), Frontiers Digital Health (2020) ; Language Resources and Evaluation (2019) ; Journal of Experimental Social Psychology (JESP) (2019) ; Musicæ Scientiæ (2016) ;

8 Scientific Dissemination

Software packages and resources

Mozza : A gstreamer plugin to transform facial smiles in real time. Coming in open source format in 2023. Kermarec L., Arias Sarah P., Aucouturier J-J.
 DuckSoup : A videoconference experimental platform to perform social interaction experiments while manipulating participants voice/face in real time. Denis, G., Arias Sarah P., Aucouturier J-J, Hall, L., Johansson P., [open source]
 STIM : A python toolbox to process and analyse experimental video and audio stimuli. Arias Sarah, P. [open source]
 Ziggy : A real time algorithm to parametrically control smiles in speech. Arias Sarah, P. [open source]
 NCSE : Neutral content said emotionally voice dataset [open data]

Open source code : <https://github.com/Pablo-Arias/STIM>

Multimedia content

Documentary : “Craquer le code émotionnel de la musique” (réal. Mailys Audouze, 2014-2021 ; currently in festivals) <https://vimeo.com/185950491>

Podcasts : “Perception of Smiles in the Voice.” The Voice Tech Podcast (2018)
 “Souriez vous-êtes écoutés : le son des émotions”, Savant Sachant Chercher, Science Infuse (2019)

Scientific events for the general public

Sound and Behavior roundtable, the week of sound, UNESCO (Jan. 2021); portes ouvertes IRCAM (2015-2019); journée voix IRCAM (2017); Science Agora Tokyo (Nov. 2016); Ircam Forum (2016);

General Media

French media : Le Monde, Science et Avenir, Valeurs Actuelles, Konbini France

International media : Cosmos Magazine, Discover, Quartz, Vrt nws, NPO Radio 1

[Article example]

9 Interests & skills

Current interests :	Social interactions, social dynamics, romantic attraction, human emotions, imitation, social alignment, unconscious emotion processing, affective reactions, vocal and facial expressions of emotion, affective computing, voice and face transformations, artificial intelligence.
Measures :	Electromyography, eye tracking, pupillometry, electrodermal activity, electroencephalography, sensorless physiology (computer-vision based face analysis), voice and speech analysis, behavior.
Experimental paradigms :	auditory reverse correlation, facial mimicry, speed dating, decision making, free social interactions, stimulus response.
Data analysis & statistics :	Data wrangling, Generalised linear mixed models (GLMMs), permutation tests, time series analysis (e.g, cross-correlation, Transfer Response Functions, Mutual Information), causal mediation, social relation models
Programing :	Python (polars, pandas, numpy, conda, ...), R (lmer, mediation, ...), Docker, Server development, git, HTML, C++.
Speech & sound :	Digital signal processing, acoustics, sound analysis, sound design, Max, Ableton Live, Praat, mixing, mastering, music theory, piano, guitar, OSC, MIDI.
Personal :	Cooking (vegetarian, french, indian and colombian traditional recipes), Composition and music production. Hiking (autonomous, solo, multiday, e.g. Écrins (2020), Mercantour (2021), Tour du Beaufortain 2022, Tour du Queyras 2023, aspiring munro bagger). Meditation (10 day silent meditation retreat in 2020), cycling, jogging, chess, yoga, critical listening.
